Mohammad Kattubadi

miraclemohammad786@gmail.com / 6304396311 / Bengaluru, Karnataka

Summary

Data Science Intern with expertise in developing recommendation systems and optimizing machine learning models. Proficient in Python, data visualization, and big data technologies.

Experience

Data Science Trainee

Excelr Solutions • Bengaluru, Karnataka
06/2023 - 11/2023

- Developed collaborative filtering algorithms, enhancing user engagement metrics.
- Optimized recommendations using advanced machine learning techniques, increasing platform engagement by 20%.
- Created an interactive Tableau data visualization tool for data-driven decision-making.
- Engineered Python scripts for automated data collection, improving data accuracy and efficiency.

E-Commerce Executive

Lavian LLP • Bengaluru, Karnataka
07/2023 - Present

- Managed daily e-commerce operations including order processing, inventory management, and customer inquiries.
- Assisted in implementing promotional campaigns and marketing strategies that increased sales by 15%.
- Coordinated with logistics partners to optimize shipping and reduce delivery times by 10%.
- Utilized platforms such as Flipkart, Amazon, Myntra, and Ajio to maintain product listings and ensure accurate inventory levels.
- Conducted market research and competitor analysis to identify trends and adjust product offerings.
- Developed and maintained detailed reports on sales performance, customer feedback, and inventory status.

Book Recommendation - Internship

Excelr Solutions • Bengaluru, Karnataka
10/2023 - Present

- Developed a book recommendation system using K-Nearest Neighbors and matrix factorization, achieving high accuracy.
- Collaborated with teams to successfully implement the system, enhancing customer engagement metrics.

Resume Classification - Internship

Excelr Solutions • Bengaluru, Karnataka
02/2024 - 05/2024

- Created a document classification system using NLP techniques (tokenization, TF-IDF) and machine learning algorithms (Naive Bayes, SVM).
- Improved document organization and accessibility, and planned and conducted training programs for system onboarding.

Skills

Data Analysis: Data Visualization, Statistical Analysis, Data Manipulation, SQL, Machine Learning: Machine Learning, Natural Language Processing, Time Series Analysis, Tools: Tableau, Python, Gen AI Technologies, Big Data Technologies,

E-commerce Operations: Order Processing, Inventory Management, Promotional Campaigns, Logistics Coordination, Platform Management, Market Research, Logistics Coordination, Platform Management, Market Research, Sales Reporting

---

Education

Bachelor Of Technology

JNTUK University • Vijayawada

05/2023

- Relevant coursework in computer science and related fields.

Mathematics

High School Or Equivalent • Yemmiganur

04/2019

- Developed analytical and problem-solving skills.

General Secondary Education Curriculum

Secondary Education • Yemmiganur

05/2017

- Built a solid academic foundation.

Languages

Urdu, Telugu, Hindi, English

Certificates

Data Science Certified By ExcelR, Data Science Internship Certifications, Cisco Certified Network Associate (CCNA), Google Analytics for Beginners, Getting Started With Google Analytics 360
